Made With Pride, in the USA

The Gate Column (A New Look for Gate Operators)

- This stunning cover transforms your mundane barrier gate operator into a classy stone column. Made of impact resistant medium density polyethylene, the Gate Column has the look and feel of a natural stone column.
- Compatible with ALL TYPES of barrier gate operators
- Easy access to operators for repairs and maintenance

- Assists in minimizing vandalism and weather related failures
- Beautifully formed in Ledge Stone with your choice of colors: Brown or Tan and Gray

Barrier Gate Arms

- Universal Replacement Barrier Gate Arms
- Standard finish is white powder coating
- Standard lengths are 8', 12' and 15' aluminum
- Available with or without stripe

Mounting Brackets and Accessories

- Constructed of durable steel, powder coated white

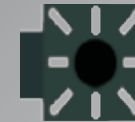

Available for:

- Mega Arm/Tower
- Federal APD
- DoorKing
- Magnetic Automation

Also Available

- Nylon Nuts
- Shear/Taper Pins
- Mounting Hardware
- Counter Weights
- Boom End Caps
- Assorted Rolls of Tape

Mounting Pedestals

Features:

- Face plate has Multiple Hole configuration for more mounting options.
- Standard Finish is a weather resistant texture black powder coating.
- All pedestals include a base cover to hide unsightly bolts.
- Replacement base covers are also available.

Available Sizes:

- 42" or 72" Steel or Aluminum for pad mount.
- 60" or 72" Steel for in-ground mount.
- 42" and 72" Dual Height Steel for pad mount.
- Custom Pedestals upon request.

The Universal Photo Beam

The PB1200 is a UL 325 Certified UNIVERSAL photo beam which operates on 12-250 volts AC/DC. At up to 36' range, it can be used as a gate or garage door safety photo beam. The unique Reflector Hood, included at no extra cost, helps keep debris, sun and rain off the reflector to ensure more reliable operation.

Gate Skinz

The picture speaks for it self. Customize your gate arms with "Skinz"

Available in Standard Stripe, Holiday Styles, or Custom Colors

Ideal for Property Name or Company Logo

Made from heavy vinyl material and slide right over your existing arm
